TO OUR MEMBERS: PLEASE COMPLETE THE FOLLOWING QUESTIONNAIRE, THEN FOLD, FASTEN, AFFIX POSTAGE AND MAIL

As TMLA members know, the Association has worked diligently more than 15 years to assess the lake's characteristics and to implement programs designed to protect water quality. We believe our efforts are paying off, that Ten Mile continues to be one of Minnesota's finest. Now we'd like to know what you think, about our work, about the lake in particular, and about where you think we should be putting our emphasis in the future.

Please invest the few minutes required to fill out this questionnaire and return it as indicated at the top of this page. You will have the satisfaction of knowing that your contributions will serve as a guide for those who must plan for the future health and well-being of Ten Mile Lake.
